1 Lb = 0.4535924 Kgs.

Symbols:

- indicates nil
- 0 indicates less than half a metric ton
- * indicates figure may be included with the 'Other' group

In the Exports Section, the figures represent the exports of tea produced in the respective countries and do not include tea re-exported. It must not be assumed that the countries of destination are necessarily the final destination.

In the Imports section, the figures for most countries represent the quantities cleared through Customs for consumption in the country, deduction being made for subsequent re-exports.

All figures are subject to minor corrections, as more information becomes available.
The Cumulative figures in the Tables include such corrections as have been recorded to date.
